

2004 PASS Community Summit Microsoft SQL Server Users Conference & Expo

September 28-October 1, 2004 - Orlando, Florida

Bring Home a True Multimedia Recreation of the Conference!

As a special service for PASS attendees and members, recordings of the majority of conference sessions are available on a compilation CD-ROM set with full desktop capture - MP3 audio including live demos and PowerPoints (as released by speakers for inclusion). Now you can revisit the 2004 PASS Community Summit and experience the largest event of the year dedicated to SQL Server users. Delve into all of the latest SQL Server issues with many educational sessions presented by SQL Server experts, MVPs and members of the Microsoft team. Divided into four unique areas of focus, the educational sessions are dedicated to your organizational and professional SQL Server development.

Recorded live at the 2004 PASS Community Summit you can gain the latest information you need to maximize your organization's productive use of SQL Server. Included on the multimedia CD-ROM are the following sessions:
